

There's more! Our Lattice and Lumber lines can expand and complement your WRC sales programs.

Dimensional Lumber

We're the Western Red Cedar Specialists with wide capabilities.

With the installation of our moulder, Pacific Western Wood Works has become a premier supplier of dimensional lumber. It's another demonstration of our versatility, innovation and superlative quality standards. There's always something new to catch the customers' eyes. And what they see are the right products for their needs, with each size and shape offering new applications.

- WRC boards and fencing
- Dimensional lumber for heavy duty use: 2" x 2" to 2" x 6"
- Laminating capabilities - New glues open up the possibilities. Bring us your ideas!
- Custom Runs - We can run your wood to your specs.

Lattice

Our niche is quality. Our specialty is Western Red Cedar.

For over 17 years, our innovation and excellence in lattice manufacturing has set worldwide standards. It's been a family tradition. During that time we've integrated new designs and fabricating techniques to where Pacific Western Wood Works now offers over 200 different lattice panels. **This includes our latest innovation: glued & stapled panels.**

We have become the top name in WRC lattice throughout North America and overseas because of the quality of our products, our industry-leading ideas, and our commitment to our customers. These same traits will enable us to continue to be at the forefront of the industry well into the future.
